7-Day Healthy Cleanse Shopping List

Here are some tips to ensure your success.

For best results, follow the program. The clinical study shows that sticking to the plan provides results.*† When you're ready, commit and do the best you can. You'll feel great!!

Focus more on veggies

They are generally higher in fiber and nutritional value. For your daily intake, aim for 2/3 veggies and 1/3 fruit.

Select fresh fruits & vegetables

But if you don't have a great variety of fresh choices available to you, frozen fruits and vegetables or low-sodium canned vegetables are acceptable alternatives.

Variety is the key

You can eat your vegetables raw, steamed, or sautéed with a little olive oil. Steaming or sautéing can help release many phytonutrients, especially fat-soluble ones such as lutein and lycopene.

Please do not boil vegetables.
